THE “THINKING” PRODUCTION SYSTEM: TPS AS A WINNING ...

The answer is a flexible system that allows the line to produce what’s necessary when it’s necessary. If it takes six people to make a certain quantity of an item and there is a drop in the quantity required, then your system should let one or two of them drop out and get on with something else” The line must stop if there is a problem. It is essential to halt the line when there’s ...

HIMEJI REVISITED “You’re dreaming if you think you’ll find ...

"You’re dreaming if you think you’ll find him after all these time. "My wife says as we finish packing for a trip to Japan in 1988 “The Japanese don’t move around much His family probably still lives in the same place in Himeji” I reply, checking drawers for a missing item on my packing list “But you don’t even have his address, she says In his last letter, he told ...

Talk about English When you think about it, culture is really a very difficult thing to define and if you ask yourself the question “What is culture?” and you try to come up with a definition I think you’ll find that all of us will come up with a slightly different type of definition One very broad definition suggests that culture consists of ideals, values and assumptions about life that are widely shared. FIGURE FUNNEL BLUEPRINT - Amazon S3
